Secretary-General

International Maritime Organization 4 Albert Embankment London SE1 7SR

Dear Secretary-General

Issuing of STCW Yachtmaster Certificates of Competency by the Montserrat Yachting Association

The United Kingdom of Great Britain and Northern Ireland would like to draw attention to the above issue which has been raised by the British Maritime Administration of Montserrat.

I would like to take this opportunity to bring to the attention of the IMO that that the Montserrat Yachting Association (MYA) has no connection with the Montserrat Maritime Administration (as part of the group of British Registries) and has no authority to issue any ship or crew documentation on behalf of, or pertaining to be linked with, the British flag administration of Montserrat. It does not have the United Kingdom's authority to issue STCW Certificates of Competency.

Over the last few years, a number of crewing agents have requested verification of STCW Certificates of Competency issued by the MYA. Montserrat is a British Overseas Territory, and the Montserrat Ship Registry is a constituent part of the wider UK Flag State, collectively known as the Red Ensign Group (REG). The UK and the Montserrat Maritime Administration confirms that the STCW Convention has not been extended to Montserrat and therefore the issue of any STCW certificates of competencies issued in relation to Montserrat are being issued contrary to the convention, noting that STCW certificates can only be issued by contracting governments.

The MYA is a private organisation which has been set up in Montserrat, and despite having no link or authorisation from the Montserrat Maritime Administration or Montserrat Government, is offering a number of services for registration of yachts and the issue of seafarer certification.

There is a possibility that the MYA is misrepresenting themselves as being associated with the Montserrat Maritime Administration and the wider Red Ensign Group. The logo and the use of the Red Ensign image can be misleading and it could be interpreted as a certificate endorsed by the Montserrat, the UK or the REG.

It has recently been confirmed that the Montserrat Yachting Association is issuing a number of Certificates of Competency for Yacht Master Ocean/Chief Engineer – Motor and Sailing Yachts of varying limitations, please see Annex A. This matter is being further investigated by the Government of Montserrat.

We would be most grateful if the Secretariat could assist in the dissemination of this letter to IMO member states, NGOs, IGOs, and other interested parties through the usual way.

Please accept my highest assurances.

Yours sincerely

Katy Ware

Permanent Representative of the UK to the IMO
