

/ˈinəˌvāt/ *verb*

make changes in something established, especially by introducing new methods, ideas, or products.

"the company's failure to diversify and innovate competitively"

MARITIME ADMINISTRATION

The Growth
of our
Global Maritime
Professionals

"Technology changes maritime education and training towards more flexible and on-demand paths.

In line with the rapid technology changes, maritime education and training must seek effective training methods to meet the needs of the shipping industry. Training courses should be accessible from anywhere and at any time. "
