Dear Sir,

We are from Telcom Live Content, Inc., and interested in bidding for the project entitled "PROCUREMENT OF PUBLIC CLOUD SERVICES FOR THE MARINA CENTRAL OFFICE".

In this regard, we would like to request a clarification on two items:

- (page 22, item 7 of COMPETITIVE BIDDING NO. 2022-10-530), it was noted the word "should" in "The cloud provider **should** have regional presence in the following geographies:". In this regard, does this word denotes at least one of the location from the list?

7. The cloud provider should have regional presence in the following geographies:

- North America
- Europe/Middle East/Africa
- South America
- Asia Pacific/South East Asia

- Page 23, item 16.1, is the 600GB outbound data transfer, is it per instance or for all instances?

16. Isolated Private Network and Private Cloud Options:

16.1 All cloud instances and services must be hosted within an isolated private network or virtual private cloud that can support up to 600GB per month data transfer out from the cloud.

We look forward to your favorable response.

Best Regards,

Jonathan Guevara

Hi BAC,

Good day to you! Hope this email finds you well. We would like to request for your good office to accept the changes in some of the requirements.

Bid Data Sheet : Item No. 15. 5.B.

The bidder shall submit a proof of valid ISO Certification for the product as follows: ISO 9001, ISO 27001, ISO 27017, ISO 27018, SOC1, and SOC2 The bidder shall submit proof that they are a Cloud Consulting Partner and Solution Provider Program Partner of the product being offered.

Can we request for changing the requirement from "Cloud Consulting Partner" to a Select Partner (minimum) instead.

The reason is that AWS our Principal has an approved template for all of their partners and the details of the "Cloud Consulting Partner" is not included in the template for "ALL" of their Partners.

Hoping for your kind consideration.

Warmest regards,

Benson Cruz
